

WGC Genius Internship Program 2020 for Grade 2 – Parent’s Handbook

1. Why Genius Internship Program (GIP)?

We are getting requests from various stakeholders to provide study material for the preparation of WGSE. After enough brainstorming, we have decided to offer home based year-long **Genius Internship Program** to mould the right decision makers and world leaders. Study materials focused purely on WGSE cannot be published as it is unethical and test fairness across the world cannot be maintained.

2. More About Us

World Genius Council, the autonomous body registered under Ministry of Corporate Affairs, Govt. of India conducts World Genius Search Examination (WGSE), twice a year across the globe. WGSE is a global benchmark test which is open to class 1 to 12 currently. It will get extended to Graduate and Post Graduate level from 2021 onwards.

Global Intellectual Index – GII is derived from all WGSE scores a student has consistently scored from class 1 onwards. As it is extended to Graduate and PG level, it will become the sole academic barometer in the coming years.

3. Genius Internship Program (GIP)

GIP is a home based year-long program introduced for Class 2 students to nurture their decision making skills using the subjects they learn. GIP will be helpful not only for WGSE but for building the required caliber to become real leaders in practical life.

Though World Genius search Examination has only Mathematics and Science for **Grade / Class 2**, we are taking a futuristic approach at the **students’ level** using their own syllabus with added STEM (Science, Technology, Engineering and Mathematics) to mould them as effective decision maker practically in daily life.

4. Program Delivery

The first package with various study materials including the supporting Lab Kit will be delivered through the school or to the student’s home through Speed Post by the 1st week of June 2019. Subsequent periodic dispatch will be done in every 45 days. Students studying abroad and visiting India during their vacation can give the address in India to get it delivered at their place. Subsequent deliveries after vacation will be done abroad.

Students should submit the assignments on time to give the feedback and initiate remedial measures on time.

5. Instructional Approach

Our instructional approach is mainly focused on (1) Own the Ownership of Learning (OOL), (2) Diverse thoughts in learning Process and (3) Creative and Critical Thinking.

The RDW Mode

Read, Draw and Write. Read the given situation or the question first. Then represent it by drawing figure/s for conceptual clarity. If it is in Mathematics, write a number sentence. Thereafter, students can derive (or translate) a word sentence or statement from it.

Example:

What do you mean by $a + b = b + a$?

In the conventional scenario, the answer from a student will be its property name. In our case, we explain it the other way – If we translate that Mathematical equation to English language, it reads “addition from left to right is equal to addition from right to left” When we write so, it consumes around 65 letters (characters), more space, time, ink and energy! When you translate it into the language of Mathematics, it takes only 7 letters $a + b = b + a$ and that indicates much less time, space, ink and energy. See the advantage of Mathematics!

6. Lesson Structure

- a. Fluency Practice
- b. Concept Development
- c. Application Oriented Questions
- d. Student Debrief – Unconventional Approach

7. What we give to Students

- a. Explanatory notes
- b. Explanatory projects done by us
- c. Explanatory videos
- d. Lab kit to complete projects, experiments and assignments
- e. Internet references
- f. Calibrated Assessments

Our dynamic assessment mechanism will be focused on how children can approach any situation in life by using their developed ability to:

1. *Distinguish a fact from Opinions*
2. *Compare and Contrast*
3. *Detect Bias*
4. *Predict & Categorize*
5. *Analyze, Sequence and Summarize*
6. *Infer and make own Decision*
7. *Evaluate, Synthesize and Generalize*

with these skill sets, children can redefine their life and invent new theorems for others to follow.

8. Evaluating Student’s Learning Outcomes

- | | | |
|---------------------|----------------------|-------------------|
| (a) Open Book Tests | (b) Experiments | (c) Word Problems |
| (d) Puzzles | (e) Crosswords | (f) Worksheets |
| (g) Projects | (h) Master Questions | (i) Video Calls |

9. Complete the Internship and be a Different Person

Allow a student to complete the internship as per the parameters suggested by us. A student can go beyond the parameters; but never get confined within the parameters. Academic Year 2019 - 20 will prove that the caliber of the student will be different from next academic year.

As the student completes the Genius Internship Program, there are many things on store for her / him!

10. The Result - Genius Internship Award 2020 & Certification

The Genius Internship Program will offer the following too:

1. Genius Internship Award – Class wise; for the top performers
2. Genius Internship Award Certificate with Score
3. Personalized Caliber Report
4. List of domains where the student should focus
5. Report on Strength, Weakness and Limitations
6. Identified Giftedness & Remedial Measures

11. Fee Structure

Please refer the Fee Structure for WGSE 2019 takers

Class/ Grade	INDIA		OUTSIDE INDIA	
	Pay By 31 May ₹	Pay Full Later ₹	Pay By 31 May \$/₹	Pay Full later \$/₹
2	4500	5500	\$120/ ₹8500	\$135/ ₹9500

Further to the above, those who enroll for Internship are exempted from WGSE Fee and they need not pay Rs. 700 or USD 18 outside India for WGSE 2020.

12. How to Apply?

You can pay by IMPS / NEFT / Cheque or Cash deposit in any of the State Bank of India Branches near to you. Please mail us the scanned copy of the counter foil as you transfer / deposit the money along with student's details to response@worldgenius.global with a copy to worldgeniuscouncil@gmail.com

The account details:

Account Name: **WORLD GENIUS CONCLAVE PRIVATE LIMITED**
Account Number: 34880765168
Bank; STATE BANK OF INDIA,
Branch: New Panvel Branch, Navi Mumbai
IFSC: SBIN0060383
SWIFT CODE: SBININBB531

13. Mail the following details

- 1) WGC Student ID
 - 2) Parent's Cell Number
 - 3) Email ID
 - 4) Amount Paid
 - 5) IMPS / NEFT Bank Reference Number or if cash deposit, Scanned counter foil.
- Mail the above details to response@worldgenius.global We will send you the receipt on the same day itself by mail.

14. Contact Details
